## B. L. A. C. FOOTBALL TEAM.

Former Players Form Club and Will Play U. of U. in Near Future.

Football enthusiasts who have left their school days behind them have formed the Salt Lake Athletic club and will begin practice next week for a football game to be played with the University of Utah team at a date to be set. All of the men interested in the club are former football players, and probably point to a strong team being formed. Prominent in the club are Dick Ogilby, Fred Patton, Dick Ritter, George Worthen, Scott Grosbeck and Dick Richards. Most of these played on the high school team, and several have been on college teams. Arrangements are now being made for a practice game with the university on Saturday, October 1.

## "BOB" YOUNG BREAKS RECORD.

Mills High Score at Ten Pins, Breaking State Record.

"Bob" Young shattered all local bowling records last night at the Palace alley when he rolled a score of 239. The score is a good one, and it is all the more remarkable because it was made so early in the season. The former record was 229, made by W. Smith on the Palace alleys last winter.

Next Sunday morning at 10 o'clock the bowlers of the city will meet and organize a State league. Representatives are expected here from Ogden and Logan, and a complete schedule of games will be arranged for the winter.

The Jockey Club stakes are for 1000 sovereigns for three-year-olds and up, distance one mile and three-quarters. Great interest was taken in the race because of the entry of a large number of well-known horses. The betting was 5 to 2 against Rockland and Henry the First, while Martin's mount started at 10 to 1 against it.

Rockland was supposed to be suffering from an inflamed leg and until this morning it was doubtful whether he would be able to start. Yet Rockland won by a length and a half. Staminat, this year's Derby winner, could not even get fourth place.

Holland's line drive in the eighth almost knocked Graham down, was so hot the center fielder was unable to hold it, and did not come to a stop until it rolled against the outfield fence. This hit scored Dronnan, who was on second, and Holland, who made the out of the bases. Graham's work for Oakland was excellent in the eighth, being the only time the home team bunched their hits. ## FORT DOUGLAS ATHLETICS.

Gymnasium in Condition and Basketball Will Be Played.

The spacious, steam-heated gymnasium at Fort Douglas has been put in an excellent condition and as soon as the teams can be organized several games of basketball will be played, probably every other week. The teams are to organize wholly from the infantrymen because of the impending removal of the batteries to their new station at Fort Leavenworth. The mattermen, however, have not lost their enthusiasm, and as soon as the athletic team returns from the Fort Logan meet the football teams will be organized, and the football and twenty-second batteries will be well represented.

The batteries have secured the use of the post hall for the winter and will give a dance twice each month, which will be alternated by hops to be given by the Jericho club.

## Last Regular Practice Held

U. of U. Football Squad Will Do Nothing but Secret Signal Work Today.

In the presence of three hundred students the University football squad held its last regular practice yesterday, preparatory to Saturday's game with the Colorado aggregation. After the field work, which lasted until 6 o'clock, the field was cleared and a signal practice followed until dark.

## Good Chance of Victory.

The showing made by the team was thoroughly satisfactory and the chances for a victory over an outside element for the first time in the history of the University are very bright. The team work and unity of action is remarkable considering the short period of practice. The line jumps at the snap of the ball and the backs have acquired the ability of hitting the line hard and low.

Coach Maddock was assisted in his work last evening by Coach Callahan of the High School and Dick Agiles, formerly of the University, who is now a member of the U. of U. advisory board, joined with the above named and gave a team a well-merited practice. He and Callahan drilled the backs in shape, while Maddock and Agiles drilled the line and the line and the backs. Coach Maddock has not yet selected the men who will play in tomorrow's game, but will probably do so after tonight's secret signal practice.

Former captain of the Varsity team, has registered at the school and will hold down his old place at center in the game. He has been practicing secretly and will be in good trim for the game. Milen Crandall, another old player, has also registered at the school and will probably be seen in the game. Harry Moore, an old-time Red and Black warrior and halfback on last year's Varsity aggregation, is suffering from a sprained leg and will probably have to remain on the side lines during the game.

## Barton Shows Up Well.

Barton, Wade's Sanpete giant, is showing up splendidly and will play Saturday. Other men who are showing up strong for the position of guard are Fishman and Varley. They are both husky chaps and are showing up strong for the position of guard. Barton and Fishman will undoubtedly be found at tackle in the game. They are regular pile-drivers and can be counted upon to make a good job of it. The work of Russell, Davis and Earl Bennion at ends is brilliant.

There are many candidates for halves, and during the game two sets will probably be played. Pitt, Seranton, Milner and Moore are some of the most likely men to be chosen. Pitt played for the team last year and has greatly developed under skillful training this season. Milner comes from the University of Utah and is a fine punter. Moore, Forbes and Seranton are all good line-plungers. Bennion will be found at full and great value is placed upon his punting, his leg and his giant frame. He now hits the line with all the force of a battering ram and it will take the whole Colorado team to stop him.

## Ovation for Team.

Such is the team which will meet the Boulder team and to which will be given one of the largest ovations ever accorded football heroes by their fellow students. At 10 o'clock all classes will be dismissed with and for one hour all honor will be done the warriors. They will be called upon to speak, as will Coach Maddock and other prominent students. Then the papers with the school yell will be passed and under the direction of Yell Master Cahoon some organized cheering will be done.

The importance of a victory tomorrow cannot be overestimated. Coach Maddock said: "If we win tomorrow we will pass through the season with a clear record. Defeat will discourage the boys, while a victory over Colorado's undisputed champions will give them hope and confidence. The students, too, will rally unitedly to the support of the team and delight in cheering on to other victories."

In the Boulder aggregation the University meets what has hitherto been considered an invincible foe. For seven years the Colorado team has been invincible. This year Coach Ellsworth, team captain of Colorado, is handling the team. He is a former player of the team and has been working in his work by Stark, the famous Chicago coach.

Colorado Team Arrives Today.  
The Boulder team will arrive in Zion today. They will be met at the depot by a delegation of students from the University and escorted to their hotel. In the evening they will take a jaunt up to University campus and run through a little signal practice. Preparations are being made to give them a rousing reception Saturday night, after the game, so that they will carry back pleasant memories of the school on the hill.

## Soldier Murderer Captured.

ABILENE, Kan., Sept. 29.—George Jones, a soldier of the Ninth United States cavalry, was captured today. He is charged with murdering a soldier of Manila and killing his guard. He was working with a firing crew near here. He was taken to Fort Riley.

The Birds Are Plentiful and in Prime Condition.

Hunters Pray for Rain, So the Game Will Fly Low—Delegation to Corinne.

Ship me somewhere west of Jordan, where the festive ducklets play; Stake me to a cold ham sandwich, for I haven't long to stay. Summon forth my trusty panicle; load my double-barreled gun. For the shooting season opens with the rising of the sun.

Don't forget the ammunition; bring along a shot of booze; Lay me out a pair of leggings, also bring my wading shoes. Tell the missus not to worry; I'll be back in time for lunch. With a bag of feathered beauties, else I've had a d-d poor lunch.

When Old Sol salutes his right eyebrow above the Wasatch range tomorrow morning there will commence a bombardment for volume will rival the storming of Port Arthur. Ten thousand nimrods (more or less) will be huddled about the various sloughs and lakes west of the city armed with every kind of weapon from a musket to an automatic shotgun, and ere the sun has fairly risen the slaughter of ducks will begin.

Birds in Good Condition.  
The prospects are excellent for a big kill. Recent reports from the duck grounds state that thousands of the feathered tribe are reported in the valley. The birds are reported to be looking in prime shape and that those that are bagged will not doubt be in good condition for the table.

"Do you think it's going to rain?" This was the question the sports were asking each other yesterday. If the weather is fair the ducks will be flying high and the hunters will have a more difficult task ahead of them. If, on the other hand, a rainfall occurs, the birds will keep close to the water and shooting will be fine.

Going to Corinne.  
A large delegation of duck-hunters left this morning for Corinne and the grounds near the mouth of Bear River. This is one of the best shooting grounds in the West and if anybody returns without an armful of ducks he can blame nobody but himself or his gun.

The most popular places near the city are the Black sloughs, Williams' lake, Decker's lake, Beck's Hot Springs lake, and the sloughs near the city. All of these grounds are taken by gun clubs and individuals who are not affiliated with any of these organizations will be compelled to hunt in the sagebrush or along the Jordan.
